SUMMARY

Enthusiastic and detail-oriented Full-Stack Developer skilled in front-end technologies (HTML, CSS, JavaScript, React.js, Remix.js, Tailwind CSS) and back-end development (Java, Spring Boot, MySQL). Familiar with automation testing using Playwright and TypeScript. Experienced in building responsive, scalable, and user-friendly web applications through internships and personal projects. Strong problem-solving ability with a passion for creating innovative solutions that improve user experiences and support business growth.

SKILLS

- Programming Languages: Java (Core), JavaScript (ES6+)
- Frontend Development: HTML5, CSS3, React.js, Remix.js, Tailwind CSS, Bootstrap, Context API,GSAP (Animations),Angular
- Backend & APIs: Spring Boot, RESTful APIs, Fetch API
- Database Management: MySQL, SQL,MongoDB
- Version Control & Collaboration: Git, GitHub, Jira
- UI/UX & Design Tools: Responsive Design, Figma (Basic), Canva
- Development & Testing Tools: VS Code, npm, Maven, Postman, Render (Deployment), Playwright (Beginner – TypeScript)
- Additional Skills: OOPs Concepts, Problem Solving, Debugging, Microsoft Office (Word, PowerPoint, Excel)
- Cloud & DevOps: AWS Essentials, Render (Deployment), DevOps (Basic)

EXPERIENCE

System Trainee – Software Development
Mahity Systems | May 2025 – Aug 2025

- Contributed to the development of a real-world healthcare web application.
- Built responsive and interactive frontend modules using Remix.js, Next.js, React.js, Tailwind CSS, and GSAP animations.
- Implemented dynamic routing and UI components, ensuring seamless navigation and improved user experience.
- Assisted in automation testing using Playwright with TypeScript, validating functionality and cross-browser compatibility.
- Worked with the team on application deployment and maintenance, using GitHub for version control and collaboration.

PROJECTS

Urban Threads – E-Commerce Website | HTML, CSS, Bootstrap | **LINK**

- Designed a user-friendly e-commerce platform for a clothing brand.
- Developed responsive layouts and interactive product listings.
- Enhanced user engagement with an intuitive shopping experience.

Urban Threads – SQL Database System | SQL, MySQL| **LINK**

- Developed a structured relational database for managing customers, products, and orders.
- Implemented stored procedures and optimized queries for seamless data handling.

Urban Threads – Java Core Project | Java (Core), OOPs Concepts| **LINK**

- Created a Java-based application demonstrating OOP principles and exception handling.
- Improved software efficiency by integrating data structures for better performance.

Urban Threads – Spring Boot Project | Spring Boot, Java, REST APIs, SQL| **LINK**

- Engineered a full-stack Spring Boot application with secure authentication.
- Optimized CRUD operations, reducing API response time by 30% and enhancing database efficiency.

Dictionary App – JavaScript Project | JavaScript, HTML, CSS| **LINK**

- Built an interactive dictionary app fetching real-time word meanings via API integration.
- Implemented dynamic search, error handling, and an intuitive user interface.

Typing Speed Test App | React.js, HTML, CSS

- Developed a real-time typing test app tracking WPM and accuracy.
- Integrated dynamic text rendering and real-time feedback for an engaging user experience.

E-Waste Management System | Web Development

- Designed an online waste management platform enabling users to sell recyclable waste.
- Reduced landfill waste by 40% through digital tracking and efficient waste management.

Donna – Women's Clothing E-Commerce Website |
React.js, Bootstrap, Spring Boot, MySQL| LINK

- Developing a full-stack e-commerce platform for women's clothing, featuring a minimalist and elegant UI.
- Implemented user authentication with signup & login functionality using React and Spring Boot.
- Designed a responsive product grid layout for seamless browsing and shopping experience.
- Developed a secure backend with Spring Boot and MySQL, ensuring efficient user and product management.
- Optimized API response time and improved database performance through query optimization.

COURSE

Master in Full-Stack Java Development   **Sep 2024 - Present**

IT Vedant Education Pvt. Ltd.
Coursework: HTML, CSS, SQL, Core Java, JavaScript, React.js, Spring Boot

EDUCATION

Master's of Science	**CGPA - 6.33**
University of Amravati	2024
Bachelor's of Science	**CGPA - 7.13**
University of Amravati	2021
HSC (12th)	
Maharashtra State Board	**54.77**
	2018
SSC (10th)	
Maharashtra State Board	**79.80**
	2016

CERTIFICATIONS

- Java Fundamentals Certification from IT Vedant, Mumbai | **IBM** | Sep 2024 SQL and
- Relational Database 101 Certification from IT Vedant, Mumbai | **IBM** | Mar 2025 Web
- Development Using HTML Certification from IT Vedant, Mumbai | **IBM** | Mar 2025 GCC-TBC
- Typing Certification – Marathi (30 WPM), English (30 & 40 WPM) MS-CIT Certification
- (Government Certified IT Literacy Course)
